Subject: Suggested changes to the EPA letter
EPA ltr to DOGGR July 14 2014 (2).docx

Mike and David,

Attached is a version of your letter containing suggested changes from various Division and Department staff, including our legal staff. A concern here is that the 1985 letter is a document of record that has had an important impact on events to date and potentially a strong impact on events unfolding, so we feel the existence of the letter needs to be an important part of the documentation mentioned in the letter.

We appreciate the heads up on the development of this letter and the opportunity to provide comments.

As we discussed on the phone today, we will be sure to coordinate our messaging as we approach our meeting on Friday with industry and as you approach the release of your letter.

Thanks very much,

Steve
